

MUHAMMAD UMAIR BUTT

REACT NATIVE DEVELOPER

I am a qualified and professional React Native developer with 3 years of experience in developing pixel-perfect mobile applications. Strong creative and analytical skills. Team player with an eye for detail.

I've worked on several apps. Mainly, I focus on code quality, performance, and scalability of the apps. Besides these client satisfaction is my uttermost duty. I have several happy clients, working with startups and companies.

EXPERIENCE

DEVORIUM TECNOLOGIES

Really Great Company

2022 - till date

- Worked on different large-scale applications
- **Skills:** TypeScript · Firebase · Audio streaming · Socket.io · React Native · English · Redux · AppsFlyer · Team Performance · Facebook API

SQUIRE APP

Really Great Company

2021 - 2022

- I have worked on this USA based application that is a clone of Uber.
- I was responsible for developing and managing their product from scratch
- then more developers came in and I was working as a team with them on that project.
- Communicated with designers and backend developers directly.
- **Skills:** TypeScript · Firebase · Audio streaming · Socket.io · React Native · English · Redux · AppsFlyer · Team Performance · Facebook API
